

Community support service guide

A fictional document for controlled accessibility testing

Available services

Our community team offers budget guidance, digital help and referral support. Appointments are available by phone, online or in person.

Service	Contact route	Typical response
Budget guidance	Phone or email	Two working days
Digital help	Online or in person	Three working days
Referral support	Phone	One working day

Accessibility note

This file contains extractable text, a document title and a language setting. It is intentionally not presented as a conforming tagged PDF. Reading order, table semantics and assistive-technology behaviour still need manual review.
